Assignment 01

1. Briefly discuss the PSU Mission Statement.

Pangasinan State University Mission

The Pangasinan State University shall provide a human-centric, resilient, and sustainable academic environment to produce dynamic, responsive and future-ready individuals capable of meeting the requirement of the local and global communities and industries.

As a student of Pangasinan State University from what I understand is that the mission of PSU is to provide a human-centric, resilient, and sustainable academic environment. This means PSU focuses not only on our academic growth but also on developing us as responsible individuals who can adapt to challenges. PSU's mission is to shape us into skilled, flexible, and responsible graduates who can meet the needs of our community and industries now and in the future.

2. List your Course Expectations.

1. Master Object-Oriented Programming
2. Develop Web and Mobile Applications
3. Improve Problem-Solving and Logic
4. Write Clean and maintainable code
5. Prepare for future industry projects
6. Connect to WMT track.

I expect to learn and apply Object-Oriented Programming concepts to build functional web and mobile applications. I also aim to improve my problem-solving, logic, and coding skills to write clean and maintainable programs. Ultimately, this course will prepare me for real-world IT projects and future subject in WMT track.
